## Education

SNJB's KBJ College of Engineering

CGPA:8.33

Bachelor of Engineering (B.E.) in Computer Science

Graduation: May 2024

## Relevant Coursework

- Data Structures
- DBMS
- OOP's
- Web Development

## Professional Experience

Humming Byte.Pvt.Ltd

March 2022 – May 2023

React Developer Intern

Nashik, Maharashtra

- I actively contributed to the development and continuous improvement of web application by learning React.js library.
- Collaborating closely with the development team, I gained hands-on experience, knowledge in building and maintaining responsive ui, optimizing components for performance, and implementing front-end features and functionality.
- During my internship, I demonstrated proficiency with vision in JavaScript and React.js, required translating design mockups into interactive and visually appealing web pages.
- I actively participated in Decision-making, testing, Passion to worked and responsible to the overall user experience.

Need1Need4 Pvt.Ltd

December 2022 – January 2023
